Add the 'JSON Feed' button and panel to [your preferred statblock pages](to get it to update your character sheet. Features: - Displays your full character sheet and dice rolls without exiting or making you switch to a different page. - A single button to quickly check your current stats without having to click around. - Action buttons for casting spells or rolling a number of d6s. - Input boxes for special effects that you can fill in. - Colors for health, energy and pain (if there's a color on dice in the stat block it will display it here). } If you tell an optimist not to be optimistic, he'll say 'call me in three years' I am told (by my mother, to be precise) that the world is a better place than it was when I was a child. Well, in my day, say 1950-1970, there were only very few rain-storms and once every three years there was an earthquake. I am now able to experience in my everyday life the devastation caused by disasters: earthquakes, hurricanes and deadly rain-storms. My mother, for the record, also believes that Donald J. Trump is a good man:
