Setup procedure and installation instructions for Simatic ekb. The installer is structured in multiple steps. Step 7. Basic TIA Portal configuration and core. Step 8. Automatic configuration of Workflow and Core. Step 9.

Configure the printer connection and content. Step 10. Install the Simatic ekb. In order to start, open the TIA Portal Administration console (`console.front.tia.local`) and start the TIA Portal. Click on the Configuration button. Click on the Basic Settings button. Click on the Printers button. Click on the Add a printer button. On the Request a Device wizard page, do the following: Select WebUI Printer -> Simatic ekb Click on the Next button. In the Device wizard page, enter the ekb device details. The wizard will ask for a username and a

password. If you already have an account on the Simatic ekb you can use it. If not, you can create a new account. After the wizard completes, click on the Finish button. The Printer Properties page will open. Click on the Overview button. In the Overview page, do the following: Save the configuration. The basic configuration is now ready. Click
