I'll install that videoJoiner serial key on my system and try to run it..but it's not working as well.. I'll be very thankful if you tell me the solution. March 16, 2020 Q: How to add 1 to a variable in vba I have a spreadsheet that fills up in sequential numbers. I want to have a macro that will add 1 to the current number that I'm writing down. For example, I'm writing down a number here

but would like to add a 1 to it and make it write down a number 2. A: Copy this formula to an auxiliary cell and press Ctrl+Shift+Enter to return to the cell,
