Our English learning software package consists of a series of audio lessons designed to help students improve their vocabulary and listening comprehension as well as gain the necessary confidence for working on and speaking in English. Most audio lessons are designed to be listened to in conjunction with a study booklet. Lessons take about 15 minutes to complete and can be read and listened to independently. Each lesson also includes an accompanying video to aid pronunciation. Users can listen to the lessons and work on the relevant exercises as they work through the lessons. The courses can be taken individually or in groups. The first 2 programs are completely free, while the English Speaking Course is a small payment of \$39.95 and entitles you to access to all programs. Downloading the English Software Package is easy and only takes about 15 minutes to download and install. The package is compatible with most PCs and laptops as it is a single self-extracting.exe file that will not require additional downloads to be installed on your computer. Why Download The TalkEnglish Learning Software Package? By Downloading The TalkEnglish Learning Software Package, you are able to study English anywhere, at any time, without the need for the Internet or to be near a computer. The program includes: Download Links: Download The Complete Online English Course is a special new course. Only available here, it will enable you to download everything in one large file. The course consists of 5 fully interactive programs: English Speaking, Business English, Tourism, English Conversation and Advanced English. The programs are designed to be taken in the order presented, and can be taken separately, at any time. However, each program contains a vocabulary review which can be used as a self-assessment exercise. The programs are also designed to work together, so if you need to develop fluency in one area of English language learning, you can do so in the order that it is described. Download Complete Online Course is designed to be completed over a 2 week period, but it can be taken at any time. You can choose to complete the course over 10, 20, 30 or 45 days. If you complete the course in one week, you can choose to make the next week your second course. It is important that you set the program to automatic recording. The programs are recorded in the order that they appear in the course and each program contains a vocabulary review which you can use as a self
