Q: Combining two Bitmap objects into one Bitmap object

Using the code below, I'm trying to combine two Bitmap objects into a Bitmap object. One Bitmap

object has all pixels that are White, the other Bitmap object has all pixels that are Blue. I can successfully combine a Bitmap and a PictureBox, but I can't figure out how to combine two Bitmap objects. Any suggestions on how to do this? Bitmap bitmap = new

```
Bitmap(pictureBox1.Image); bitmap.MakeTransparent(Color.White)
```

```
; Bitmap bitmap2 = new
```

```
Bitmap(pictureBox2.Image); bitmap2.MakeTransparent(Color.Blue)
```

```
; Bitmap combined = bitmap
```
