Latest Posts So in this article I will be going over the main differences between the Wii and PS3 versions, and the reasons behind them. The Wii Main difference is for one the disc's that is included. The first 4 episodes for this version are free to all players. This version includes a few new opening and ending sequences, as well as a couple of old ones. Now, the entire game is still fairly short, considering that it was released in as a WiiWare game. But they do have some differences, such as slight changes in the soundtrack and visuals, as well as new unlockable ending animation sequences and special bonus scenes. The entire first 4 episodes can be enjoyed by just anyone, and after that, if you want you can still go into your options and buy a special version of the game that includes all 6 episodes, a few extra minigames, and some other bonus material. This version includes Bonetown Burning The Witch by Kryon, Bonetown Devotional - The Second Wish by Crystal Blue, Bonetown Princess by Megalynx. All Players Have 4 Levels To Complete - Level 6 is a Special It's Super Exclusive Special. And If You Get It, You'll Get A Special CG Animation At The End Of The Game - It's The Final Level You'll Play With The Special Characters (Kawai Fox, Foxy, Dayripper, and More) From Bonetown.: Put a penis on the brunette in the night club, after that watch it being squeezed by her pussy until it explodes. Bonetown: Horse Cum Dildo Play, Bonetown - Sugar Town Bonetown is a great game and if you enjoy the gameplay and animation you'll like it. It features great character designs and a good story.
