Sep 30, 2015 - I want to know if Autocad MAP 3D can be installed on Windows 7 and what solution I have with 2 licenses for that. Here is the download link <http://www.autocad-nexus.com/downloads/AutoCAD3D-Licensing-Demo-Download-V10>. Thanks I would like to answer the questions asked in the previous thread. In order to use AutoCAD MAP 3D on Windows 7, you need to have two copies of AutoCAD MAP 3D - you can download the demo from the link above and you will need to purchase the commercial version I did this a few hours ago. To install Autocad MAP 3D you will need two copies of autocad mapping.
