"ScheduleAssist is an easy to use program that can save hours of work, help with staffing, and even help with staff scheduling. "But does it work? The answer is yes, it really does. "Can you take ScheduleAssist and customize it for your needs? Yes, we believe you can. At the same time, we believe that we set a very high standard for the program we build because if we try to customize it for you, we won't be able to maintain the simple, user-friendly nature of the program. "However, that doesn't mean you can't customize it. "As long as you have a little time, you can customize the program and show your other nurses how they can do the same to meet their staffing and scheduling needs." ⬚ Creates two schedules, one for nurses and one for staff ⬚ Nurses schedule is a series of shifts where there is only one nurse per shift ⬚ Staff schedule is for everyone else – not just nurses ⬚ Can create schedules for maximum of 25 employees, 4 weeks, 2 schedule checks ⬚ Can save the schedules in "C:\ScheduleAssist\save-s.htm" ⬚ Can save staff shifts ⬚ Can include training ⬚ Key features include: ⬚ Easy to meet both department staffing needs and nurses' scheduling needs ⬚ More nurses satisfied with the schedule ⬚ Schedules can easily be distributed using email ⬚ Attach the schedule to an email so that nurses don't have to drive to work or call in to find out their schedule.
